PROFESSIONAL EXPERIENCE

Network Administrator | Alabama Goodwill Industries — January 2026 – Present

- Administer multi-site wired and wireless networks on Ubiquiti, Meraki, and Fortinet switches, routers, and firewalls.
- Manage Microsoft 365, Active Directory, Entra ID, and Intune for accounts, access, devices, and security policy.
- Led the organization's managed service provider (MSP) migration, coordinating the transition of IT systems and support.
- Completed an Active Directory domain cleanup and implemented cybersecurity updates to strengthen security posture.
- Monitor network health and diagnose outages across sites; build server racks and maintain security cameras, VoIP, and backups.
- Rebuilt internal office tools and documented configurations and procedures; serve as the help desk escalation point.

Enrollment Counselor | Capella University — February 2022 – April 2025

- Consistently ranked in the upper percentile of company metrics for converting applicants to registered students.
- Maintained fast response times and strong adherence across a high volume of students in Salesforce.
- Took on operations and IT stretch roles, resolving technical issues and piloting new software and AI tools.

Mac+ Technician | Apple Inc. (Remote) — June 2016 – May 2021

- Supported macOS, Apple hardware, networking, backups, and account security remotely with high customer satisfaction.
- Frequently performed above company-average metrics, escalating complex issues and documenting cases accurately.
- Wrote troubleshooting resources for teams and coached peers, partnering with managers to improve team performance.

ADDITIONAL EXPERIENCE

- **Desktop Technician, The University of Alabama in Huntsville (UAH):** Imaged and deployed hundreds of devices with SCCM, Jamf Pro, and PXE; supported hundreds of users under government regulations for research departments.
- **Field Technician, Satellites Unlimited, LLC (DISH Network contractor):** Installed and serviced customer equipment on site, troubleshooting signal and connectivity problems.

EDUCATION

B.S. in Information Technology (ABET-accredited) | Capella University — Expected 2027
Computer Science coursework (3 years, part-time) | Auburn University — 2015 – 2022

LEADERSHIP & PROFESSIONAL DEVELOPMENT

- **GAINS 2026 AI Forge:** Participated in AI sessions with Microsoft, Anthropic, OpenAI, and Goodwill Keystone, plus other AI and cloud conferences.
- **Eagle Scout:** Boy Scouts of America; member of the Order of the Arrow honor society.
- **Auburn University Student Space Program (AUSSP):** Contributed to a student CubeSat satellite design program.
